Lunch served from 1 – 1.45 pm

Class begins at 2:00 pm – promptly - No Exceptions

Participants from Overseas: Be sure to arrive 2 days before the School begins to get used to the Asian time-zone and to get over jet lag.

Day School Ends: Sunday September 23, 2007 with breakfast until 11 am Networking Day.

We recommend that you give yourself that day to Network, and to be open that week to meet with the new great worldwide contacts you would have made at the School. The contacts you would have made will be outstanding. Students in the past have always regretted it when they rushed back to their home cities. If you cannot stay that extra day, we recommend that you book a flight after 4 pm that day so you give yourself plenty of time to Network on that last day.

MEALS: are included as part of School Tuition. There will be three meals a day; with breaks; and all tastes will be accommodated since all meals will be served buffet.

HOTEL ACCOMMODATIONS: are **not** included. Participant is responsible for covering own hotel accommodations. The cost of rooms, double occupancy, will be approximately RM 110 per person (RM 220 total). Single rooms RM 200. The hotel reserves the right to change the price of room. The School is being held at the beautiful Holiday Villa Resort with swimming pool, gym and many amenities.

NETWORKING: one of the biggest value of this School, are the contacts that you will make. Traditional Business Schools, specially the most prestigious and expensive ones, are attended by many for the contacts alone – our School has equal – if not more – excellent contacts. Be sure to bring promotional materials, brochures, many business cards and any materials, support items that will sell your product or services. You will be supported tremendously in your financial success. There will be Participants coming from Malaysia, Singapore, Hong Kong, Brunei, Indonesia, Australia, New Zealand, United States and Canada and other countries.

EXERCISE: is a big part of our School, and we recommend that you begin to walk at least 3 or 4 times a week. This will allow you to have more energy and better health.

Part of being a successful Entrepreneur is your ability to have lots of energy and personal power. We will learn about team dynamics through Exercise Teams. We have had people in all levels of health and stamina in the School. Do not let this aspect of the Program dissuade you from coming. This has been one of the most successful components of the School; and many people who were not “athletic-minded” have gone through wonderful shifts in their health and body consciousness, which has supported them for many years after the School.

BUSINESS EXPERIENCE: You do not have to be a business owner or already an entrepreneur to attend the School. Come if you feel you want to learn about entrepreneurship and clear the blocks to total success for YOU!

WHAT TO BRING: Within a few weeks of enrolling, you will receive a Pre-Attendance Package which will have much more detail information as to what to bring with you. Because we will be playing games in the exercise/marketing teams, you will need to bring at least US\$350. (You could be part of the team that wins the big prize, and pay your tuition and all expenses!)

TRAVEL FOR OUT-STATION/OVERSEAS PARTICIPANTS: information will be provided with recommended Travel Agents, transportation to/from airport, and other details.

As the School gets closer, we'll be in touch and give you any other pertinent information which will make your Business School experience as enjoyable as possible.

We look forward to seeing you there!

DC Cordova, Terence Tan and Business School Team
